## Fresh Wave's Stinky Dorm Kit

*By Katherine Benenati*

*LITTLE ROCK* -- If you have a high school senior, it's not too early to prepare for the stinky realities of dorm life. And we mean "Where'd I put that pizza box?" stinky.

The folks at Fresh Wave, who work to eliminate odors in cars, homes, offices, cabins, boats - you get the idea - have a product called Stinky Dorm Kit (\$19.99).

The company's products use natural ingredients like lime, pine needles, anise clove, cedar and water. It makes every-thing from pet shampoo and laundry detergent to scented candles. The products can be ordered online at [fresh-wave.com](http://fresh-wave.com), which also has a store locator.

But back to the dorm. No, we don't mean you can literally stop holding your nostrils. The Stinky Dorm Kit has an 8-ounce home spray and a 16-ounce continuous release crystal gel. Sounds like just the weapons to battle an all-nighter.
