

AROUND THE HOUSE

New products may inspire you to start spring cleaning

With spring approaching, it's time to go through the house to see what needs cleaning, dusting and updating.

To help you get started, here are some new household cleaning products.

Clorox last month introduced a new line of natural cleaning products called Green Works. The new line has five home products: Green Works Natural All-Purpose Cleaner, Green Works Natural Glass & Surface Cleaner, Green Works Natural Toilet Bowl Cleaner, Green Works Natural Dilutable Cleaner, and Green Works Natural Bathroom Cleaner. Costs range from \$2.99 to \$3.39.

Formula 409 has a new natural stone cleaner that can be used on granite, marble, travertine, slate and other natural stone surfaces. Cost is \$2.98.

If you're a fan of Mr. Clean and Febreze, you'll be delighted to know you can now get Mr. Clean with Febreze Fresh Scents. Cost is \$2.19 to \$2.99. The Magic Eraser also is available in two scents: Meadows & Rain, and Citrus & Light. Cost is \$2.99 for a pack of two.

Fresh Wave, a line of natural products designed to eliminate odors, came out with a new line called Fresh Wave Pets. It includes the All-Purpose Cleaning Additive, a liquid deodorizer that can be added to the laundry when washing pet items or in a steam cleaner for removing odors from carpets. It's not meant to be used in place of soaps and detergents. Cost is \$19.80 for 32 ounces.
